3104039	Blue trainer - each	3 8462104039 4
3104044	Red trainer - each	3 8462104044 8
3122015	Blue/Red trainer - 5/bag	3 8462122015 4

AIRZONE™ Peak Flow Meter

Economical and accurate. Designed for both adults and children. Convenient folding handle and patented tamper proof zoning system.

Order #	Description/Quantity	NHRIC#
3130045	each or 10/case	3 8462130045 0

IN-CHECK™ DIAL

Inspiratory Training Device

By mimicking the internal resistance of popular inhaler devices, health care professionals can quickly identify whether their patients are using their devices correctly. The In-Check Dial aids in training of patients to achieve proper inspiratory force to achieve optimal delivery from their MDIs and DPIs.

Order #	Description/Quantity	NHRIC#
3109912	each	3 8462109912 5
3103859	HandiHaler Resistance Adapter - each	3 8462103859 9
3109783	Foradil Aerolizer Adapter	3 8462109783 1

IN-CHECK™

Inspiratory Flow Meter

Helps to assess respiratory condition and treatment by providing accurate measurement of both oral and nasal inspiratory flow rates.

Order #	Description/Quantity	NHRIC#
3109750	Oral - each	3 8462109750 3
3109751	Nasal with Mask - each	3 8462109751 0

BreatheRite™ MDI Spacers

Have the advantage of collapsibility and increased portability, potentially improving compliance among patients that benefit from holding chambers but are reluctant to carry bulky devices outside their home.

Order #	Description	NHRIC#
4430110	Rigid - each	3 8462430100 3
4430120	Rigid - 20/case	20 38462430120 5
4430200	Collapsible- each	3 8462430100 3
4430120	Collapsible - 20/case	20 38462430120 5

DISPOSABLE MOUTHPIECES

Economical and convenient. Reduce risk of cross-infection, helping to protect patient and equipment of contamination. One-way valve mouthpieces available for expiratory and inspiratory use.

FILTERS

Provide protection against possible cross-infection helping to protect patient and equipment.

MASKS

Can be added to measuring devices

DISPOSABLE ADAPTERS

Paper, to accommodate small mouths
